### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

Olga Army Barracks Serafimovka is located 11 kilometers (km) northwest of Olga (Figure 1).

The installation covers approximately 345 acres and contains an administration building, 6 probable barracks, approximately 61 quarters, 7 storage buildings, 2 probable vehicle sheds, 34 support buildings, an athletic field, an AAA site, a possible infantry field training area, and an area of unidentified track activity (Figures 2 and 3).

The barracks installation is covered on interpretable photography from [redacted] missions [redacted]

25X1

25X1

25X1

[redacted] Comparative analysis reveals no significant change. Light track activity is visible on photography throughout the summer months, and no activity is visible during periods of snow cover [redacted]

## DESCRIPTION OF INSTALLATION

Road Service

A secondary, probable all-weather road provides access to Olga.

(310 by 40 feet and 250 by 40 feet) and a support building.

Athletic Field

Area K is an athletic field.

Administration and Troop Housing Areas

Area D1 contains 33 quarters (not shown on Figure 3).

Area D2 contains approximately 28 quarters (not shown on Figure 3).

Area D3 contains an administration building, 6 probable barracks, 3 storage buildings, and 4 support buildings.

Artillery Emplacements (Batteries)

Area Q is an AAA site with 6 firing positions. This site is probably inactive. It is not discernible on photographic coverage [redacted]

25X1

25X1

[redacted] however, this may be due to the poor photography.

General Storage Area

Area E contains 4 storage buildings and 3 support buildings.

Infantry Field Training Area

Area R is a possible infantry field training area. Light ground scarring is first visible in this area on photography [redacted]

25X1

POL Storage Area

POL storage is probably available in Olga.

Unidentified Track ActivityOther Buildings

Twenty-six support buildings are scattered throughout the installation.

Area T contains unidentified track activity. This activity is not discernible on photography [redacted] The location of the area suggests that a possible tank/assault-gun firing range is under construction.

25X1

Equipment Storage/Maintenance Area

Area J contains 2 probable vehicle sheds
